## EXPERIENCE

6.2019  
NOW

### Senior Consultant, Web Development and Visualization

BOOZ ALLEN HAMILTON // WASHINGTON, D.C.

- Develops data visualizations and consults on information design best practices with Adobe Illustrator, Tableau, R, and Python
- Front-end web development with Vue.js, HTML, CSS, JavaScript, Python, Google Analytics, and Github
- UI/UX web design in figma and adobe illustrator
- Project management with agile methodologies and communication of technical information to non-technical audiences

1.2018  
5.2019

### Creative Operations Manager

IN PURSUIT OF (NOW, STAND TOGETHER COMMUNICATIONS) // ARLINGTON, VA

- Designed Visualizations and Power BI dashboards to analyze and report on company cost centers, resource utilization and client demand
- Project managed the launch of the company onto an enterprise project management and time tracking system
- Consulted teams on data reporting and operations best practices
- Hosted book clubs on economics and social change topics

6.2016  
12.2017

### Supply Chain Manager

INVISTA // WICHITA, KS

- Managed the strategy and logistical execution of two product lines globally - required project management, collaboration, leadership and adaptability
- Developed long-term strategic plans including safety stock and forecasting analysis in SAP ERP and Excel, and coordinated short-term plans between chemical plants, logistics, management, and sales teams daily
- Hosted book clubs on economics and leadership topics

12.2012  
9.2017

### Graphic Designer

KT DESIGN // REMOTE

Designed company flyers, invitations, holiday cards, wireframes, booklets and other graphics in the Adobe Creative Suite. Required adaptability, time management and customer focus to work with several clients and tastes at once.
