

# INNOCENT.

Each of these individuals has spent years in prison for crimes they did not commit. The Innocence Project has been able to defend these victims to achieve their exoneration through DNA testing or challenging biased testimonies. Your support and donations have made this possible for so many innocent people.

The wrongfully convicted have spent decades in prison

**GEORGE ALLEN**  
Suffers from mental illness and was pressured by police to confess to a crime he did not commit. Served 30 years before he was exonerated by DNA.
