Patient Emotions	EXCITEMENT UNCERTAINTY FRUSTRATION EXCITEMENT "I'm excited that the vaccine is available! I wonder when I'm eligible to receive it." FRUSTRATION "It's frustrating that some people are taking advantage of the eligibility process, receiving the vaccine before others that are higher priority. Why is that happening?"				FRUSTRATION "It's challenging to search through the different websites to find one with open appointments near me. How do I find the soonest possible appointment across all these provider sites?"		UNCERTAINTY "Do I need to bring my confirmation email? Is there anything else I should bring to my appointment?"		UNCERTAINTY "How should I get there? Do they need my insurance if it's free?"		FRUSTRATION "I am providing the same information I provided earlier in the process. Why is this being asked for again?"				EXCITEMENT UNCERTAINTY "I'm so happy to have gotten my first dose!" UNCERTAINTY "When will it start to be effective? Should I expect to feel sick?"		UNCERTAINTY "Should I still wear a mask and social distance?"		UNCERTAINTY "What do I do if I'm experiencing side effects? Should I contact my doctor or the site?"		UNCERTAINTY "When will I get the second dose at the same site? How can I reschedule the second dose appointment that was booked for me if this time doesn't work for me?"		UNCERTAINTY "Do I have to bring my vaccine card or will they give me a new one? Will I need to prove eligibility again?"				FRUSTRATION "Why do I need to provide my information again?"		EXCITEMENT UNCERTAINTY "I'm so happy to have gotten my second dose!" UNCERTAINTY "When will it start to be effective? Should I expect to feel sick or the same as last time?"				UNCERTAINTY "I am experiencing side effects from my second dose. Do I need to see a doctor? Should I keep wearing my mask and social distancing?"
